## WHY WE STAND OUT AT VERMION

The **BAR DELIGHTS** range by **VERMION**  
featuring 50+ flavors, is packed with up to 20% fruits  
and herbs- making it effortless to achieve the perfect flavor  
profile in any cocktail or drink. Perfect for professional  
bartenders and mixologists who want precise  
control over the intensity and taste of every creation!

## **:: Real Fruit Content (20%) ::**

Delivers authentic fruit and herbal flavor with a globally unique high concentration (20%), adding depth, complexity, and authenticity to cocktails and drinks.

## **:: Inverted Sugars ::**

Provide sweetness while preventing crystallization, retaining moisture, and extending flavor longevity. They help preserve the fruit's aroma, enhancing the cocktail experience even in complex mixes, ensuring a consistent drink from the first sip to the last. Thanks to the use of invert sugar, the syrups won't separate from the other cocktail ingredients.

## **:: Natural Flavors ::**

Enhance or complement the fruit taste with no synthetic additives.

## **:: Fast Cocktail Preparation ::**

Syrups can be used directly in cocktails without dilution, simplifying the mixing process and reducing preparation time.

## **:: pH Adjustment ::**

pH balance is vital for cocktails - it influences not only taste but also how other ingredients, such as liqueurs and spirits, interact.

## **:: Natural Preservatives ::**

Natural potassium sorbate is used to extend shelf life and preserve product integrity.

## **:: Suitable for Non-Alcoholic Drinks ::**

Syrups can also be used in mocktails and other alcohol-free beverages for those seeking refined flavors. Perfect for chocolate drinks, cold brew, filter coffee, and other hot or cold beverages.
